

## PRESS RELEASE

# AECC HOSTS TECHNICAL SEMINAR ON REAL-WORLD ZERO-IMPACT EMISSIONS FOR EURO 7 IN BRUSSELS

Brussels – 26 September 2022

Tomorrow, on 27 September 2022, the Association for Emissions Control by Catalyst, AECC aisbl, and the International Platinum Group Metals Association, IPA, will hold a technical seminar on Euro 7 and an ultra-low emission driving event at Autoworld Brussels.

AECC and IPA have run rigorous technical programmes demonstrating how internal combustion engine vehicles achieve zero-impact pollutant emissions in real-world driving. At the event, attendees from European Member States, European Parliament, European Commission, industry, NGOs, academia, and others will discuss the latest emissions test data obtained over a wide range of driving conditions, question exhaust emission control experts on the technology, and will be able to understand the implications for the proposed Euro 7 emissions standards.

Three demonstrator vehicles will showcase a smart combination of catalyst- and filter-based technologies. Participants will be given an opportunity to be driven around Brussels' European quarter in one of the demonstrator cars whilst directly witnessing ultra-low tailpipe emissions in real time. A demonstrator truck will also be displayed.

For more information, please contact [info@aecc.eu](mailto:info@aecc.eu).

*AECC is an international non-profit scientific association of European companies operating worldwide in the research, development, testing and manufacture of key technologies for emissions control. Their products are the ceramic substrates for catalysts and filters; catalysts (substrates with catalytic materials incorporated or coated); adsorbers; filter-based technologies to control engine particulate emissions; and speciality materials incorporated into the catalyst or filter. Members' technology is integrated in the exhaust emissions control systems of cars, commercial vehicles, buses, non-road mobile machinery and motorcycles in Europe. More information on AECC can be found at [www.aecc.eu](http://www.aecc.eu).*

*AECC's members are: Johnson Matthey PLC, United Kingdom; NGK Europe GmbH, Germany; Solvay, France; Umicore AG & Co. KG, Germany and Vitesco Technologies GmbH, Germany.*

*AECC is registered in the EU Transparency Register under n° 78711786419-61.*
